

Ismail Budak

Software Engineer / Computer Science Student

Huntsville, TX
+1 936 714 1000
ixb040@shsu.edu

Education

2021–Present **B.S. in Computer Science**, *Sam Houston State University*, Huntsville, TX
GPA: 3.78

Technical Skills

Languages Go, Python, JavaScript, TypeScript, SQL
Backend REST APIs, WebSockets, JWT Authentication, Role-Based Access Control
Databases PostgreSQL, Redis
Frontend & Mobile Next.js, React, Tailwind CSS, Flutter
Cloud & Tools AWS (S3, IAM), Docker, Git, Postman
Concepts System Design, Scalable Architectures, A.I. Integration

Experience

- Jul 2025 – **Co-Founder & Software Engineer**, *Lokal Kafe*, Ankara, Turkey (Remote)
Present
 - Contributed to a production mobile loyalty platform serving **25+ cafés** and **1000+ users**.
 - Developed UI with **Flutter** and supported backend and deployment tasks.
- Oct 2025 – **Volunteer Research Assistant – Medical Imaging**, *Sam Houston State University*
Present
 - Conduct A.I.-based research on contrast-enhanced angiographic imaging (DSA) for image enhancement.
 - Implement and evaluate machine learning pipelines for abstraction, reconstruction, and analysis of medical imaging data.
- Jan 2026 – **Research Assistant – Intelligent Course Planning**, *Sam Houston State University*
Present
 - Designed a constraint-based academic course planning system using directed graph modeling and rule-based validation.
 - Built backend services with **Python**, **FastAPI**, and **PostgreSQL** for schedule generation and prerequisite checking.

Projects

- TaskFlow** Nov 2025 – Feb 2026 — AI-driven task and project management system.
 - Built a modular backend in **Go** with scalable API design.
 - Developed RESTful APIs with JWT-based authentication and role-based access control.
 - Designed scalable **PostgreSQL** schemas and managed migrations.
- TirGO** Mar 2025 – Sep 2025 — Logistics and fleet management platform.
 - Developed a scalable backend in **Go** with REST APIs and multi-role authorization.
 - Implemented distance- and fuel-based freight pricing using Google Distance APIs.
 - Designed relational schemas and optimized pricing queries with **PostgreSQL** and **Redis**.

Achievements

Dean's List – Academic Excellence Award (Fall 2024, Semester GPA: 4.0)

Languages

English (Professional Working Proficiency)
Turkish (Native)
